\$150 REBATE

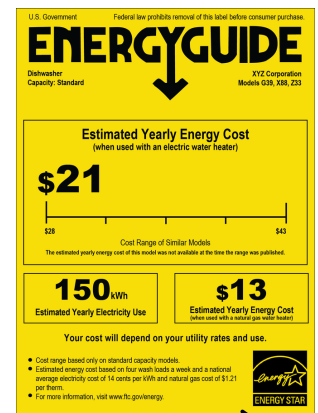

Requirements

New ENERGY STAR labeled central air conditioning systems can qualify for a \$150 rebate from Washington Electric Cooperative when purchased and installed at a residential location served by the co-op. To qualify, the central air conditioning systems must meet the following requirements:

- Central air conditioning units must be new, ENERGY STAR rated with a minimum 16 SEER rating at the time of purchase and installation
- Member must provide documentation proving ENERGY STAR rating and minimum energy efficiency standards

This rebate is only available to residential cooperative members.

Look for the ENERGY STAR logo on the yellow Energy Guide that comes with your appliance. _____
